

Kenny Key
Web Developer

Jakarta, Indonesia | kennykey682@gmail.com | +62 85266678441 | [LinkedIn](#) | [Portofolio](#)

Recently graduated in the field of information technology with knowledge and experience in website development. Experience as a website developer in Segaran village for a year. During the duties, managed to develop the website by adding facilities and fixing website problems using Visual Studio Code and domainesia.com for hosting the website. Very interested in mobile programming and website development as it fits the educational background that is being pursued and learned.
